

SERC Regional Boundaries

Exhibit A to the Amended and Restated Regional Entity Delegation Agreement between

**North American Electric Reliability Corporation
and
SERC Reliability Corporation**

1.0 Regional Boundaries

The geographic boundaries of SERC Reliability Corporation (SERC) are determined by the service areas of its membership, comprised of investor-owned utilities, municipal, cooperative, state and federal systems, merchant electricity generators and power marketers.

SERC covers an area of approximately 560,000 square miles in sixteen states: all of Alabama, Georgia, Mississippi, North Carolina and South Carolina, and portions of Arkansas, Florida, Illinois, Iowa, Kentucky, Louisiana, Missouri, Oklahoma, Tennessee, Texas and Virginia.

Service provided by SERC members in areas which overlap with neighboring regions:

- The area in southern Iowa is served by N.E. Missouri Electric Power Cooperative, a member of Associated Electric Cooperative, Inc., and N.W. Electric Power Cooperative, a member of Associated Electric Cooperative, Inc.
- The area in eastern Oklahoma is served by KAMO Electric Cooperative, Inc., a member of Associated Electric Cooperative, Inc.
- The area in Arkansas is served by Entergy Arkansas.
- The area in western Missouri is served by N.W. Electric Power Cooperative, a member of Associated Electric Cooperative, Inc., and KAMO Electric Cooperative, Inc., a member of Associated Electric Cooperative, Inc.
- The area in N.E. Florida (part of Baker and Nassau counties) is served by Okefenoke Rural Electric Membership Corporation (OREMC), a member of Georgia System Operations Corporation, and is therefore part of the SERC Region and not the FRCC Region.

A regional map is shown in Section 1.1.
